

Curtain Cleaner

1. Identification of the Product:

Product Name: Curtain Cleaner

Company: **Rafooneh**

Address:

Telephone:

Fax:

E-mail

Web-site:

2. Composition of Ingredients:

Ingredients	CAS No.	wt %
Nonionic Surfactants	68002-97-1	1-10%
Cationic Surfactants	61791-10-4	10-15%
STPP	7758-29-4	1-10%
Preservative	Propriety	0.1-1%
Water	7732-18-5	up to 100%

3. Hazards Identification:

Inhalation: Significant inhalation exposure is considered to be unlikely.

Skin Contact:

Short Term Exposure: The concentrated liquid is mildly corrosive to the skin. Contact often does not cause pain and thus care should be taken to avoid contamination of gloves and boots.

Long Term Exposure: Long term contact may cause skin to peel. Dermatitis may result from continued untreated contamination.

Eye Contact: The concentrate is mildly corrosive to the eyes, dilutions less so. Contact will cause eye irritation and should be avoided. Corneal burns may result if left untreated.

Ingestion: Significant oral exposure is considered to be unlikely. However this product may be irritating to mucous membranes. Swallowing can result in pain, nausea and / or vomiting. Irritation to the larynx and the gastrointestinal tract may occur.

4. First-Aid Measures:

Eyes: Wash eye thoroughly with large amounts of water. In all cases of eye contamination it is a sensible precaution to seek medical advice

Skin: Flush skin with large amounts of water. If irritation develops and persists, get medical attention.

Inhalation: Remove victim to fresh air. Get medical attention, if symptoms persist.

Ingestion: Rinse Mouth with water and give water to drink.

5. Fire Fighting Measures:

Fire and Explosion Hazards: There is no risk of an explosion from this product under normal circumstances if it is involved in a fire.

Only small quantities of decomposition products are expected from this product at temperatures normally achieved in a fire. This will only occur after heating to dryness.

Fire decomposition products from this product are not expected to be hazardous or harmful.

Extinguishing Media: Not Combustible. Use extinguishing media suited to burning materials

6. Accidental Release measures:

Precautions: Restrict access to the area until completion of clean-up.

Clean-Up: Shut off the source of the spillage. Soak up the spill with absorbent materials. Flush the area with water.

No Special precautions are required.

7. Handling and Storage:

Handling: Keep exposure to this product to a minimum, and minimize the quantities kept in work areas.

Storage: store in cool and well ventilated area.

8. Personal Protection:

This product presents no health hazards to the user when used according to label directions for its intended purposes. No special precautionary measures required under normal use conditions.

In an industrial work environment, no special precautions or control measures are required. In an industrial work environment, if a splash is likely, chemical goggles may be needed.

Prolonged skin contact may require protective goggles. For consumer use, no unusual precautions are necessary.

Eye protection not generally required. Wash hands after using wipes.

It is not likely to irritate the skin in the majority of users. Repeated daily application to the skin without rinsing, or continuous contact on the skin may lead to temporary, but reversible, irritation. Rinse completely from skin after contact.

9. Physical and Chemical Properties:

Appearance: Cleaner is a transparent liquid.

Odor: Mild odor

Specific Gravity: 1.010 ± 0.010

Vapor Pressure: na

Water Solubility: 100%

Boiling Point: >100 °C (212°F)

pH: 8-10

10. Stability:

Reactivity: This product is unlikely to react or decompose under normal storage conditions.

Incompatibilities: No particular Incompatibilities.

Fire Decomposition: Only small quantities of decomposition products are expected from this product at temperatures normally achieved in a fire. This will only occur after heating to dryness. Carbon dioxide, and if combustion is incomplete, carbon monoxide and smoke. Nitrogen and its compounds, and under some circumstances, oxides of nitrogen. Occasionally hydrogen cyanide gas. Hydrogen chloride gas, other compounds of chlorine, Water, Carbon monoxide poisoning produces headache, weakness, nausea, dizziness, confusion, dimness of vision, disturbance of judgment, and unconsciousness followed by coma and death.

Polymerization: This product will not undergo polymerization reactions.

11. Toxicological Information:

No information available.

12. Ecological Information:

No information available.

13. Disposal consideration:

Containers should be emptied as completely as practical before disposal. If possible, recycle containers either in-house or send to recycle company. If this is not practical, send to a commercial waste disposal site. This product should be suitable for landfill. Please do NOT dispose into sewers or waterways.

14. Transport Information:

DOT Classification: This product is not regulated by DOT.

UN Number: Not Allocated

15. Regulatory Information:

Not Available.

16. Other information:

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
